Subject: Letters, comments, and emails (oh my)

I wanted to alert you all that I now have all of the comments submitted to DOGGR on the Arroyo Grande AE, and all of the comments submitted to DOGGR on their Discussion Draft of the UIC regulations. I have also received somewhere between 350-400 (and counting) email messages urging EPA to deny the AG AE.

I will be working with Jim Harper in our office to get the public comments to DOGGR into the shared directory. I'm just filing the email messages for now and we can determine what to do with them later – 99% of them are exactly the same.

Thanks,

David
